IMPORTANT INFORMATION

Review Week provides students with dedicated time to catch up on any outstanding work, strengthen their understanding of key topics, and prepare effectively for upcoming assessments and examinations. During Review Week, students will also have a meeting with their Subject Support Advisor to review their progress, discuss any concerns, and agree on targets and next steps.

Mock assessment dates will be published at least **one month in advance**, allowing sufficient time for preparation.

All entries for Summer 2027 examinations must be submitted by the published Swansea College [examination entry deadlines](#). Students are responsible for ensuring their entry is completed on time.
