26.04.2027 - Study Leave and Review Week

04.05.2027 - Summer examinations commence

● Gold markers identify the weeks when mock assessments are expected to commence.

Guidance for the academic year

Please retain this page and refer to it throughout your course.

Review Week

Review Week gives students dedicated time to catch up on outstanding work, strengthen key topics and prepare for assessments. Students will also meet with their Subject Support Adviser to review progress, discuss concerns, and agree targets and next steps.

Mock Assessments

Autumn mocks are usually held at the end of November or the beginning of December. Spring mocks are usually held before the Easter break. Dates will be published at least four weeks in advance so students have sufficient preparation time.

Complete the Remainder of the Course

The number of weeks in each course may vary. During the Christmas study period, students must complete any remaining course content, assessments and outstanding tasks. After successful completion of Year 1 and its mock assessments, contact Swansea College to request access to Year 2 materials.

Easter Revision and Exam Study Leave

Use the Easter break to consolidate learning, review notes and complete outstanding work. Exam preparation lessons and revision materials are provided at the end of the course and should be completed during study leave.

Examination Entries

All entries for Summer 2027 examinations must be submitted by Swansea College's published entry deadlines. Students are responsible for ensuring that their examination entry is completed on time.
